mission statement

We protect people, property and the environment by providing responsive professional and humanitarian fire rescue services essential to public health, safety and well-being.

overview

Miami-Dade Fire Rescue (MDFR) originated as a single fire patrol in 1935, and has grown into the largest fire rescue department in the Southeastern United States, responding to more than 220,000 calls per year, covering a territory of 1883 square miles and serving a resident population of more than 1.7 million. MDFR is considered one of the elite fire rescue departments in the United States and is recognized around the world for its exemplary service.

A professional firefighting career with MDFR includes highly specialized work in the protection of life and property through the provision of firefighting and emergency medical rescue services. Duties include, but are not limited to, combat firefighting, emergency medical rescue work, public education and fire prevention activities.

annual salary range:

Approximately \$35,000 to \$65,000 (subject to periodic change)

requirements for employment:

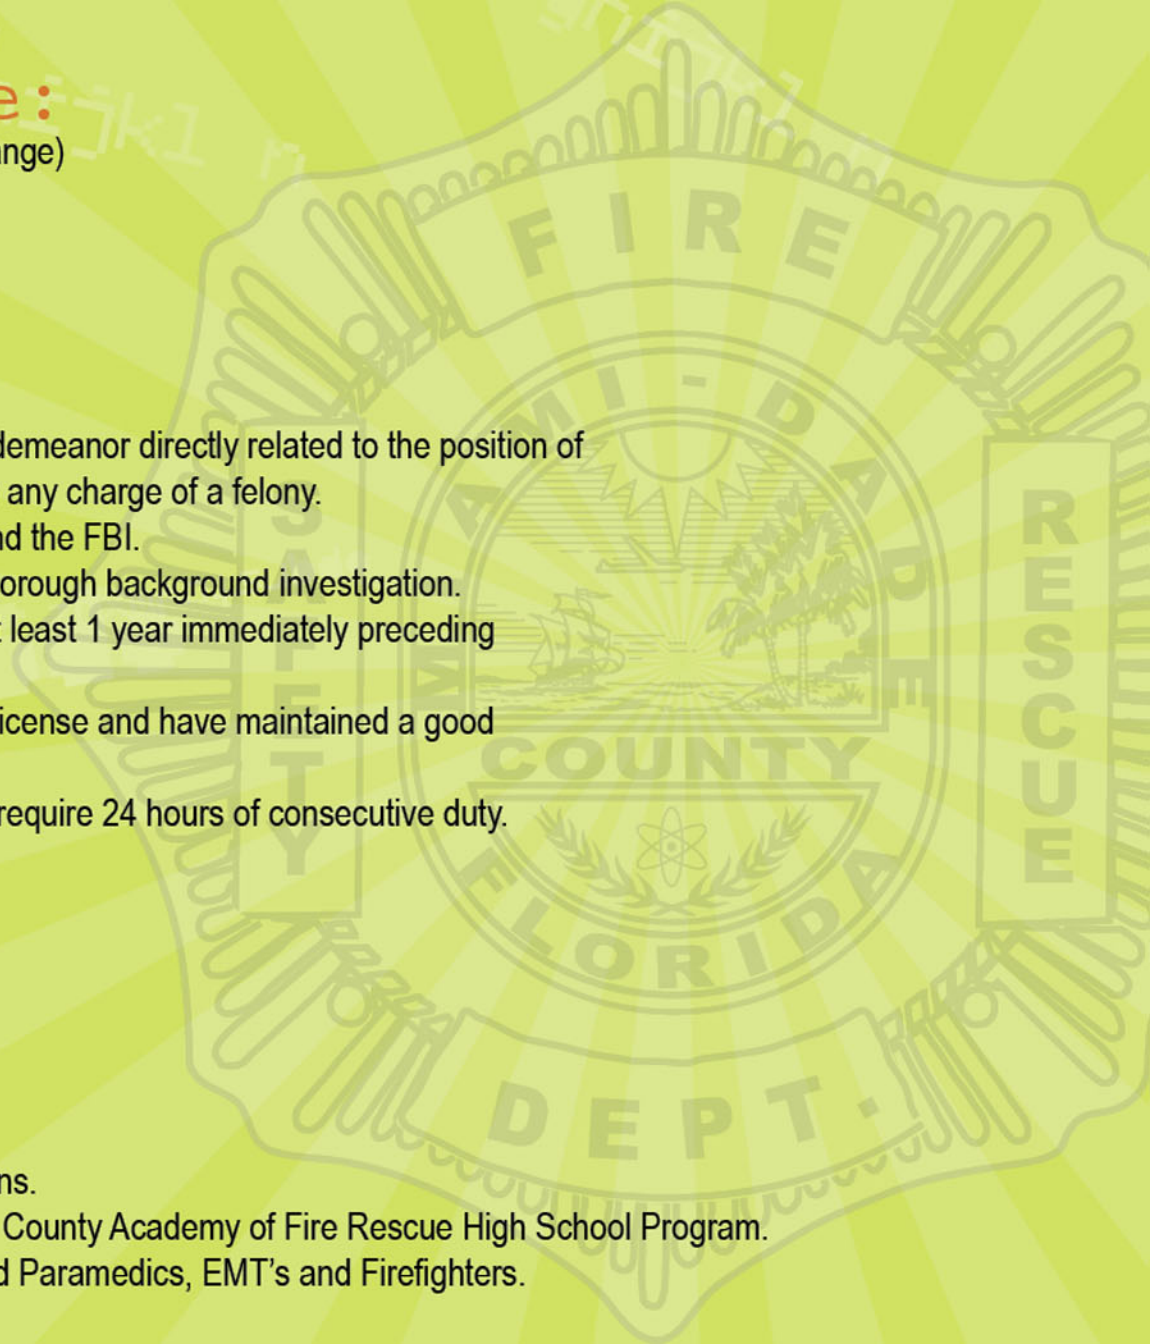

- Must be 18 years of age at time of application.
